

# JAPANESE PRIVET

## WATER

## SUN

## CARE

## INFORMATION

- Fast Growing
- Evergreen
- Medium Size
- Great Hedge

## TREE CARE GUIDE

One of the best plants for hedges is the Japanese Privet, botanical name *Ligustrum japonicum*. These evergreens produce dense, shiny, dark green foliage and sweetly fragrant white flowers in spring. This plant is a favorite for anyone that is looking to add an attractive, evergreen privacy screen so that they can block unwanted views in style. These are also an excellent shrub for topiaries to create formal and fanciful gardens. Don't let a lack of space keep you from adding a splash of green to your property - you can also use them as a small tree that can fit in any size yard!

## FERTILIZER SCHEDULE

JANUARY

JUNE/JULY

DECEMBER

MARCH/APRIL

SEPTEMBER/OCTOBER
